Evan:

I talked with the Leonard ISD and City of Leonard and they are ok with our plan to make portions of N. Poplar and E. Cottonwood one-way streets. Also, the city gave me some additional vendors that I am sending to you.

Soil: GLS – 972.741.1526
Sod: Benjamin 903.449.7264

The city also said that they do not care about the trees in the Alleyway and that they should not be there anyway.

Thanks
Gary Moore
